TORCH AND TREFOIL is issued regularly four times a year, October, December, March and May, from Office of Publication, 1100 Waltower Building, 823 Walnut Street, Kansas City, Missouri 64106. Printed by Smith-Grieves Company, Printers and Lithographers, Kansas City, Missouri. Second Class Postage paid at Kansas City, Missouri. Subscription price \$1.50 per year.

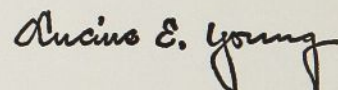

Greetings Brothers:

May the pleasures and happiness of a joyous holiday season remain with you always.

The National Convention of Alpha Phi Omega National Service Fraternity appropriately convenes as the 47th anniversary year of our organization draws to a close. This convention should be concerned not so much with the historical aspects of where we have been, but, as the greater part of the available time will be devoted to charting paths into the future, where we go from here.

The ideals of Alpha Phi Omega are to this national organization what the Bill of Rights, the ten original amendements to the Constitution of the United States, are to American citizens—ideals believed in and hoped for but never changing.

Let all of us renew our allegiance to the ideals of Alpha Phi Omega, giving new forms of expression to old values. Let us go forward into the years ahead with confidence that we can and will be of greater service to our community, to youth, and to the nation.

LUCIUS E. YOUNG, LTC, Retired
National President

OUR COVER: Brothers and Phyettes of Gamma Xi, Rockhurst College, Kansas City, Missouri, posed for this "Denver or Bust" photo. They are one of the more than 300 Chapters expected to attend the 1972 National Convention.

ALPHA PHI OMEGA NATIONAL CONVENTION PROGRAM OUTLINE

Denver-Hilton — December 27-29, 1972

TUESDAY, DECEMBER 26, 1972

9:00 p.m. Meeting of Executive and Convention Committees

WEDNESDAY, DECEMBER 27, 1972

9:00 a.m. National Board of Directors Meeting

2:00 p.m. Opening Session

Call to Order Col. Lucius E. Young

Opening Ceremony

Introductions

Adoption of Convention Rules and Order of Business

Tribute to Aubrey B. Hamilton Dr. Glen T. Nygreen

3:30 p.m. Convention Standing Committees Meet and Organize; Discussion Session on Task Forces

Session on Minority Relationships Dr. Lawrence Hirsch, Chairman

Meetings of all committees, except Nominating, are open to all registered delegates as observers—space permitting. Observers are guests of the committee.

6:30 p.m. Chapter Awards Banquet

Invocation

Dinner

Presentation of Top 13 Awards

Presentation of Award to A.P.O. by Gamma Sigma Sigma

Outstanding Service Project Awards

Keynote Address Colonel Young

Receiving Line for President and Past Presidents.

9:30 p.m. Convention Committees Meet as Needed

THURSDAY, DECEMBER 28, 1972

9:00 a.m. General Session

Report of Credentials Committee

Special Orders of Business

"Does this Convention wish to make a recommendation concerning the site of the 1976 Convention to the 1974 Convention?"

"Shall Alpha Phi Omega have a special leadership training conference in December of 1975 in observance of the Golden Anniversary of the Fraternity?"

Report of Project Survival

Presentation of Project Survival Awards

Challenge George F. Cahill

Presentation of Proposed Ritual

12 Noon Lunch on Your Own

12 Noon - 12:45 p.m. Standup Sandwich Luncheon to Recognize Sectional Chairmen and Advisors (Fraternity to Host)

2:00 p.m. Ladies' Tea Hosted by Mrs. Young

2:00 p.m. General Session

Man-Mile Award

Election of Officers and Executive Committee

Election of Trustees to Endowment Committee

Regional Meetings

Election of Regional Representatives in Regions 2, 4, 6, 8, 10

Evening Free Night 3

FRIDAY, DECEMBER 29, 1972

9:00 a.m. General Session

Speaker Roger A. Sherwood, National Executive Director

Continuation of Legislative Matters

12:30 p.m. Lunch on Your Own

2:00 p.m. Continuation of Legislative Matters

6:30 p.m. Dr. H. Roe Bartle Honors Banquet

Invocation

Dinner

Tribute to Mrs. Muriel Tucker

Installation of Officers

Brief Remarks by the President

Awarding of Distinguished Service Keys

Closing Speaker Dr. H. Roe Bartle

Report of the National Finance Chairman

By George F. Cahill

As we approach the 22nd National Convention, it is my responsibility, on behalf of the Executive Committee and Board, to present to you, my brothers, a statement concerning the financial posture of our Fraternity.

Arthur Young and Company has submitted its audit for the fiscal year ended August 31, 1972. It was a difficult and financially unsatisfactory year. I hope that you will take time to study the attached statements for the Operating Fund and Endowment Fund, and that you will approach activities in your Chapter and decisions at the forthcoming Convention in such a way as to enhance the Fraternity's general health, growth, and service potential in the future.

4 In the year just ended (August 31, 1972), receipts from budgeted sources amounted to \$97,542, while expenses in budgeted areas were \$119,605. Both income and expense were considerably under budget. We operated the year on an authorized but unbalanced budget which estimated \$119,000 income and \$133,500 in expense. The year's operating deficit was affected by a \$2,461 excess of non-budgeted revenue over comparable expenses and by a \$1,351 depreciation charge. The \$20,953 loss for the year necessitated

the transfer of \$23,000 from the endowment fund in order to maintain liquidity. I must remind you that the deficit from the preceding year amounted to \$23,765. The details appeared in the Winter-Spring, 1972 issue of *Torch & Trefoil*.

In the last two years, we have significantly decreased the Fraternity's resources, and significantly invaded the Endowment Fund. The Endowment Fund, which had a balance of \$116,336 at August 31, 1971, was reduced to \$105,848 a year later.

It is incumbent upon us to share with our fellow students the spirit of leadership, friendship, and service in our Brotherhood. It is imperative that we invite all who wish to embrace the ideal of service and partake of the fellowship of this most unique of all Fraternities, into the inner circle of our Fraternity. If we do this, we will continue to be a fresh breeze, a bright light, and wholesome influence with large and significant membership on every campus. In such actions lies the renewed vigor of APO. To temporize and look for other solutions to problems for our dynamic Fraternity would be to delude ourselves and to betray our opportunities and the obligations we assumed from those who pledged and initiated us.

ALPHA PHI OMEGA

STATEMENT OF GENERAL FUND ASSETS AND LIABILITIES
RESULTING FROM CASH TRANSACTIONS

August 31, 1972

ASSETS

Current assets:		
Cash		\$ 9,706
Accounts receivable		442
Inventories, at lower of cost (first-in, first-out) or market:		
Merchandise for sale	\$ 4,914	
Printed materials and supplies	3,723	8,637
Deposits		500
Prepaid postage		722
Total current assets		20,007
Furniture and equipment, at cost and estimated values	14,522	
Less accumulated depreciation	9,828	
Net furniture and equipment		4,694
		<u>\$24,701</u>

LIABILITIES AND FUND EQUITY

Liabilities:		
Payroll taxes and other salary deductions	\$ 1,793	
Fund equity		22,908

Equity at August 31, 1971		116,336
Equity at August 31, 1972		<u>\$105,848</u>

Leadership

Feature...

SERVICE TO THE NATION

By: Sid Smith, Chairman
Section 4 (Northern California)

From the time that we are pledges, our understanding of Service to the Nation is that we serve the Nation as participating citizens. For some time, many Brothers have sought a manner in which to expand this definition of service.

Some two years ago, Brothers of Pi Sigma Chapter at the College of San Mateo began discussing methods of truly being of service to the Nation. Obviously, one chapter could do little for the country as a whole, but the idea arose of being of service to a part of the Nation which was not only worthy, but where a meaningful contribution could be made. Such was the foundation for the Yosemite Project.

Through the Sectional Chairman, several chapters were polled as to whether or not they would be interested in a Section-wide Service project to the benefit of the United States Park Service, and indirectly to all people who visit Yosemite National Park.

Last year, interest seemed at a peak for the Section 4 Brothers, and correspondence was conducted with the Park's Assistant Superintendent, Jim Wolfe. The idea of the Brothers coming to the Park to help in Service was well received, and plans were laid for their arrival.

Word of the project was spread throughout Region 10, with particular emphasis placed on recruiting the California Chapters. Labor Day 1972 was the target date, and all were invited to this first in National Service.

The Yosemite Project was not without problems. Upon our arrival, Rangers at the Gate had not only not heard of Alpha Phi Omega, but they didn't know Superintendent Wolfe, either. However, we were a convincing bunch, and they let us in without the standard \$3.00 a day fee.

Once on the Valley Floor, and still following instructions, it was similarly difficult to locate Mr. Wolfe's office. "Superintendent Whooooooo?" they kept asking. But, dauntlessly we charged on, and finally located him. We received our directions and headed for the Wawona District of the Park. For those who came into the Park via the South Entrance, it meant 27 miles back the way they came.

Brothers from APO Chapters from San Diego to Chico rallied to the Project, and after pitching camp and resting up, some twenty bodies reported to work at the District Ranger's Office. Supervision came in the form of District Ranger and Naturalist Norm Messinger, who loaded us aboard a truck and took us to the work site. Little did we know that Parnelli Jones was at the wheel.

Work was designated for us in the Mariposa Grove of Yosemite, home of the Giant Sequoias, and the fifth largest tree in the world, "The Grizzly Giant." We looked up at the hill, and Norm said, "Clear these small trees out so that the Giant Sequoia can be seen from the road. We will cut them down; and you guys put them through the chipping machine."

This looked like fun! Dragging little trees down to the chipper and throwing them in and watching them being pulverized into little bits. Except, they kept cutting down bigger and bigger trees, like trees 30 feet high. Ugh. And once the truck was filled, well, that's what the ten wheelbarrows were for: to spread those chips out over the trails to prevent erosion.

Yosemite lasted six days. And in six days, we managed to unveil the huge tree so that other people could see another great giant. This was Service to the Nation; Service which the Park could not afford to pay for and Service that hasn't been done for some

100 years, since the last major forest fire raged through the Grove.

In return, the Brothers enjoyed a free stay in the Park, honest exercise, a deeper appreciation of the word Service, and a strong feeling for Yosemite and the Mariposa Grove. Almost all of the Brothers, and virtually all Americans take a pleasure in our National Parks. It is a small, but meaningful contribution to work in them to help preserve them.

In years to come, the California Chapters plan to return to Yosemite, because there is so much more work to be done. We encourage any and all to join us at Yosemite, or to work in the National Park which is nearest to your Chapter. Being of Service to the Nation by participation means more than tacit support. These are our Parks, and which of us in Alpha Phi Omega who truly believe in Leadership, Friendship and Service can be unwilling to help keep our National Parks the magnificent recreation and beauty spots that they are?

action...

Bed Push

Zeta Gamma, Valparaiso University, reactivated the hospital bed on wheels which they had pushed for 600 miles last March to raise money for the construction of Mercy Methodist Hospital, for the July 4th Parade in Hobart, Indiana. Pushing the bed in the parade, the Brothers helped raise additional funds for the hospital.

Brothers of Zeta Gamma with their record-breaking bed. Left to right: Rich Hein, Mike Ryan, Mark Pipkorn (fixing wheel), Rich Barrows, Larry McCormick, Steve Gordon, John Mortimer, Ted Hennings, and George Mortimer.

Campus Tours

Beta Eta, University of Missouri—Columbia, has recently inaugurated a Campus Tour service. Recognizing the need for such a service through manning a campus information booth at the beginning of each semester, the Brothers have organized a 30 to 40 minute general tour of the campus, pointing out sites of major interest and giving some historical facts about the campus at Mizzou and its inherent traditions.

Sectional Project

Pi Tau, St. Peters College Evening Division (New Jersey), recently planned and coordinated a Sectional Service Project for Section 99. Mustering all the manpower they could, Brothers from Section 99 cleaned up the shore line at the Mission of the Immaculate Virgin Institution for Homeless and Destitute Children at Staten Island, New York.

Campsite Construction

Eta Lambda, Wisconsin State University—Eau Claire, got off to an early start this fall with the Eau Claire County Youth Camp project. As the sun was creeping over the horizon one crisp Saturday morning, they were greeted at the camp and sent into the woods with axes and rakes. At the end of the day what had once been a jungle-like underbrush and deep forest had been transformed into cleared campsites complete with rock fire circles.

Guide for the Handicapped

Alpha Chi, MIT, has recently published a campus map for the handicapped, showing the suggested routes for ambulatory students as well as the architectural barriers that exist on the campus. Alpha Chi, Omicron Iota, Worcester Polytechnic Institute, and Omicron Psi, Fitchburg State, assisted in the preparation of "Wheeling through Boston," a guide to Boston for the handicapped and aged, published by the Easter Seal Society.

Alumni Association Explorer Post

The Columbia (Mo.) Alumni Association of Alpha Phi Omega (COALAS) has recently taken over sponsorship of Explorer Post 78, which is solely for retarded young men at the Woodhaven Learning Center near Columbia. With Bob Veatch, Association President, as Advisor and Joe Barnes as Institutional Representative, the post has plans for an active year.

Community Clean Up

Phi Zeta, Fort Valley State College (Georgia) organized and headed a City Clean-Up late last spring. The whole town participated and the Brothers reported that the drive was extremely successful.

Computerized Carpool

Chi, UCLA, has instituted a computerized system for carpooling, making UCLA the first university to offer this service. The Brothers designed a program to match up applicants according to their locations and schedules. During the first quarter of operations, the chapter received and processed 1,725 applications. The development and implementation of this project by Chi has provided a much needed service to UCLA.

Service to the Community

Beta Phi, University of Southwestern Louisiana, has inaugurated a community project to finance their service program. Using paint donated by a local paint company, the chapter will be painting house numbers on curbstones of homes in Lafayette. Peter Wakefield, project chairman, reports that the project may continue for the year if the demand for the service continues.

Telling Our Story

Beta Sigma, Texas Tech, has been a long-time promoter of Alpha Phi Omega to local Scout and youth groups and their enthusiasm in telling our story has led to a strong Scouting relationship for the chapter.

Pictured above with the Alpha Phi Omega display at the South Plains Council Scout-o-rama are Brother Travis Griffith and Gene Lake, Vice Chairman of Section 40 and former assistant to the National Executive Director.

Camp Staff

Several Alpha Phi Omega Brothers spent the summer on the Camp Staff at Camp Kanestake, Brooklyn, Michigan. Pictured below are: Front row (L. to R.) Robert Skolnick, Gamma Phi, Western Michigan; Rollin Smith, Beta Beta, Michigan State U.; John Freeman, Lambda Phi, Eastern Michigan; and Jack Prue, Lambda Phi. Back row (L. to R.) Greg McGowan, Upsilon Gamma, Lake Michigan College; Berkeley P. Duncan, Section 54 Chairman; and Steve Weber, Lambda Phi.

Vice President Agnew—Honorary Brother

During a recent visit to Charleston, South Carolina, to dedicate the Strom Thurmond Student Center at the Baptist College at Charleston, Vice President Agnew was awarded honorary membership in Upsilon Rho Chapter of Alpha Phi Omega. President Dave Richards and Brother John Samb saw to it that the presentation was made with great success.

G.E.D. Adult Education Program

Lambda Lambda, Shippensburg State, sponsors G.E.D. Adult Education high school equivalency courses and tests in the community. Over 100 adults have been coached in high school subjects, and many have completed the national test to earn a high school equivalency certificate. This ongoing project has earned the chapter much gratitude and respect.

The Package

Brothers of Alpha Beta, Penn State University, recently stuffed some 20,000 envelopes with literature dealing with the pill, drugs, and contraceptives. Known as "The Package," 15,000 were distributed on the main campus, and 5,000 were sent to the branch campuses. The Chapter, which received one cent for each envelope they filled, is planning to use the money in support of their outstanding service program.

Pumping for Service

Brothers of Epsilon Epsilon, Missouri Valley, spent the weekend of October 27-28 manning the gas pumps at a nearby service station for 48 hours. This is the second year the chapter has undertaken the job, and the proceeds are used in the conduct of the service program, which includes assisting the Saline County Commodity Foods Distribution Center, The American Cancer Society, Butterfield Boys Ranches, and a number of other worthwhile projects.

Manning the pumps are (left to right): John "Tiny" Norman, Ted Bowdler, Ed Thomas, and Ed Melton.

Park Clean Up

Delta Psi, Eastern Illinois University, received congratulatory letters from the Illinois Conservation Department and Shelbyville State Park for services performed at the park. The men of Delta Psi contacted the park rangers with the idea of cleaning up the park,

an offer which was gratefully accepted by the rangers. The Brothers arrived early in the morning and spent the day working throughout the entire park. Their unselfish service will be of substantial benefit to the people in the surrounding communities.

Extending Alpha Phi Omega

South Carolina Chapters, at the Sectional Conference hosted by Pi Iota Chapter at Wofford College, adopted the extension of Alpha Phi Omega to new campuses as a Sectional project. Each Chapter in attendance indicated that it will try to organize at least one chapter this year at a nearby school. Pictured above are the delegates to the Conference.

P.O.W.

Iota Upsilon, Slippery Rock State College, recently sponsored a P.O.W. information program. One of the speakers was Mrs. Sharon Young, wife of a P.O.W. Her husband, Robert Young, is an Alpha Phi Omega Brother and former Chapter president of Mu Chi Chapter at Indiana University of Pennsylvania.

As a result of this project Iota Upsilon is anxious to work with other chapters interested in developing programs related to P.O.W.s. Chapters can contact Iota Upsilon in care of: Alpha Phi Omega, Slippery Rock State College, Slippery Rock, Pennsylvania, 16057, for any help or information.

Wheelchair Basketball

By: Fred L. Pollack and Allen N. Hibner
Phi Chapter of Alpha Phi Omega

The basketball court was ready. The teams were ready. The referees were on the court and the National Anthem had been played. Another basketball game for the Orangemen of Syracuse University? Hardly! Their opponents were the Jersey Wheelers, of the National Wheelchair Basketball Association, and they would play this game in wheelchairs.

The idea of a benefit wheelchair basketball game had first been mentioned as a joke. One thing led to another and soon we were embroiled in what turned out to be the major project of the semester.

Wheelchair basketball is played according to NCAA rules, with a few exceptions resulting from the wheelchairs. Traveling, for instance, is taking two turns of the wheel without passing or dribbling. Baskets are set at regulation height, which adds to the excitement. Bumping is a personal foul.

There is more to putting on a game of this nature than finding a court, two teams and a ball. Among the major considerations and those for which we would suggest having subcommittees, are:

Programs: This includes selling advertising to pay for the printing; preparing copy explaining the purpose of the game and its roles; finding a printer; and arranging for distribution at the game.

Tickets: Arrange for the printing and distribution for sale. Locations are needed both on campus and in the community. One of the most effective methods of selling tickets was the personal approach, including selling in dining halls, shopping centers, and door to door in dorms.

Publicity: This may be the key committee. Regardless of how well everything else goes, without good publicity all will be in vain. In Syracuse, this meant television, radio and newspapers as well as posters. We managed to persuade a local television station to make public service announcements free of charge from a film provided by the University of Illinois Rehabilitation Center. All the radio stations were cooperative and the newspapers covered the game as a regular sports event.

Teams: This committee is responsible for locating

a wheelchair team and also for making arrangements, such as housing for the team. (Be sure to check the housing for architectural barriers!) It also contacts the team you plan to challenge. The National Wheelchair Basketball Association can be quite helpful with this.

Halftime Entertainment: While this lasts only a half hour, it must be planned well in advance. We located a wheelchair drill team and the SU band provided the music.

Miscellaneous: There are still many things for the chairman to worry about. Referees have to be located (we used NCAA refs), a court selected and wheelchairs obtained for the non-paraplegic team.

The investment required will vary, depending on the cost of the court, transportation, food and housing for the team, program, tickets, and so forth. Ours was about \$2,000. Try to find a backer, possibly your student association or a local service club; this will reduce your risk substantially. Before making any commitments, be certain to investigate the cost thoroughly.

With tickets available for a \$1 donation, we managed to raise \$500 for local groups and \$250 for the National Wheelchair Basketball Association.

The game has another purpose besides raising money. It has a psychological impact, especially on children who are adjusting to life in a wheelchair. It clearly demonstrates that the physically disabled have a role to play in our society — a productive, independent one. That may be the most valuable part of the project.

As for the game itself, it is exciting, fun to watch and demonstrates some good basketball. The Jersey Wheelers have all the moves — the pass, the press, the 15 footers. Everything you expect to see in a basketball team, you'll see in a wheelchair team. Of course, the inexperienced Orangemen had some difficulty; their passes, press and 15 footers didn't work as well as they had all year. They had problems changing direction or even getting down court quickly. But spotted 20 points each half, they managed to upset the Wheelers 75-74 in an unforgettable afternoon of basketball.

As John Johnston, a Jersey Wheeler put it, "It doesn't matter who wins. It's just a fun game."

"UGLY" FUN FUNDS CARE

By: John Farmer
Assistant Regional Director
CARE, Kansas City, Missouri

MIT chapter's check of more than \$3,000 to CARE provided food, shelter and disinfectant to refugees prior to their return to Bangladesh. APO funds were then directed toward reconstruction and low cost housing in the new nation.

Results of Alpha Phi Omega's "Ugly Man on Campus" contests have been felt in many foreign countries in the form of aid to the hungry and homeless. More than \$6,200, over the past three years, from the MIT chapter alone has been turned over to CARE, the international aid and development agency.

But CAREing is not a new "thing" for APO's. In 1963, Kappa Lambda Chapter of Southern University, Baton Rouge, sponsored a Rural Cultural Mission in Tlaxcala, Mexico. The year before, that same chapter's contribution to CARE delivered Berlin "Welcome Kits" to refugees arriving in West Berlin from East Germany. A typical APO contribution was the one received some years ago from Lambda Rho Chapter at Augustana College, in Rock Island, Illinois. The funds were proceeds from the annual "UMOC" contest, totaling \$144.69. Translated into CARE goods, the chapter was in reality contributing one and one-half tons of food overseas.

Meanwhile, back at MIT, 1969's Ugliest Man on Campus, Don Bloom, "hacked" for a week and raised \$536.02 for CARE . . . not bad at a penny per vote! One of Don's fund-raising schemes was wearing a dead fish around his neck for a day and accepting contributions to get rid of him. The entire contest netted \$900.00 for CARE and a brass trophy (suitable for drinking beer) for Don. His hard-hitting

campaign resulted from finishing second in 1968 to a very Un-ugly girl, Cindy Helgerson, who sold kisses during the contest.

Little did Cindy, or anyone else, know that yet another girl would top male competitors in 1970. Neither did anyone suspect she would measure only a foot and a half in length and have protruding teeth. The young lady, Deja Vu, a pet alligator of student Don Garvett, became the contest's first non-human titleholder. Garvett chose the toothsome beauty from his menagerie of two alligators and an iguana; Deja promptly collected a record number of votes, worth \$749.40.

The 1970 contest director, Burton Richards, turned over the contest net of \$2,300 to CARE for cyclone victims.

This past year, Alpha Chi at MIT raised more than \$3,000 for Bangladesh refugees, making it just about the most CAREing chapter in the country. Throughout the years, Alpha Phi Omega chapters have involved themselves in the struggle to combat hunger, ignorance and poverty by sending CARE food, books and tools to underprivileged people around the world. To the grateful overseas recipients of APO help, the "UGLY" men on campus are "beautiful people" indeed.

APO Chapters wishing individual projects should write CARE, New York, N. Y. 10016, for their regional CARE office's location. Projects are available in 35 countries, ranging from schools and low-cost housing to safe water systems and cattle dips.

I certify that the statements made by me above are correct and complete. PS Form 3526 July 1971		

CHAPTER ANNIVERSARIES IN 1973

Alpha Phi Omega notes with pride the anniversaries of the chapters listed below. They deserve to be recognized at sectional meetings. Greetings from other chapters are in order. The Fraternity wishes each of them continued success in Leadership, Friendship, and Service.

FORTY-FIFTH ANNIVERSARIES

Zeta	<i>Stanford University</i>
Eta	<i>Northern Illinois University</i>

THIRTY-FIFTH ANNIVERSARIES

Beta Zeta	<i>University of Georgia</i>
Beta Eta	<i>University of Missouri—Columbia</i>
Beta Theta	<i>University of Wisconsin—Madison</i>
Beta Kappa	<i>Central Missouri State University</i>
Beta Lambda	<i>Indiana State University</i>
Beta Mu	<i>Southwest Missouri State University</i>
Beta Nu	<i>Northeastern State College</i>
Beta Xi	<i>Westminster College</i>

SILVER ANNIVERSARIES

Epsilon Pi	<i>Southern Illinois University— Edwardsville</i>
Epsilon Rho	<i>Eastern Washington State College</i>
Epsilon Sigma	<i>State University of New York— Buffalo</i>
Epsilon Upsilon	<i>Wisconsin State University— Oshkosh</i>
Epsilon Phi	<i>Youngstown University</i>
Epsilon Chi	<i>Los Angeles City College</i>
Epsilon Psi	<i>Kent State University</i>
Epsilon Omega	<i>University of Mississippi</i>
Zeta Alpha	<i>Bradley University</i>
Zeta Beta	<i>Virginia Polytechnic Institute</i>
Zeta Gamma	<i>Valparaiso University</i>
Zeta Delta	<i>Miami University</i>
Zeta Zeta	<i>Graceland College</i>
Zeta Theta	<i>Drexel Institute of Technology</i>
Zeta Iota	<i>Temple University</i>
Zeta Kappa	<i>Bowling Green State University</i>
Zeta Lambda	<i>University of Toledo</i>
Zeta Nu	<i>Southern Illinois University— Carbondale</i>
Zeta Omicron	<i>California Polytechnic State University</i>
Zeta Sigma	<i>University of Delaware</i>
Zeta Phi	<i>Howard University</i>
Zeta Chi	<i>Centenary College</i>
Eta Beta	<i>Simpson College</i>

TWENTIETH ANNIVERSARIES

Kappa Tau	<i>The Citadel</i>
Kappa Upsilon	<i>East Carolina University</i>
Kappa Psi	<i>The Agricultural & Technical College of North Carolina</i>
Lambda Alpha	<i>East Tennessee State University</i>
Lambda Gamma	<i>Manhattan College</i>
Lambda Delta	<i>Newark College of Engineering</i>
Lambda Epsilon	<i>St. Cloud State College</i>

FIFTEENTH ANNIVERSARIES

Mu Lambda	<i>University of Rochester</i>
Mu Nu	<i>Western Illinois University</i>
Mu Xi	<i>High Point College</i>
Mu Omicron	<i>Clarkson College of Technology</i>

TENTH ANNIVERSARIES

Xi Zeta	<i>Rochester Institute of Technology</i>
Xi Theta	<i>Ferris State College</i>
Xi Lambda	<i>Bloomsburg State College</i>
Xi Mu	<i>Lock Haven State College</i>
Xi Nu	<i>Texas Wesleyan College</i>
Xi Xi	<i>Fordham University</i>
Xi Omicron	<i>Tarleton State College</i>
Xi Pi	<i>Lycoming College</i>
Xi Rho	<i>State University College—Oneonta</i>
Xi Sigma	<i>Carson-Newman College</i>

FIFTH ANNIVERSARIES

Tau Zeta	<i>Texas Southern University</i>
Tau Eta	<i>State University of New York Agricultural & Technical College</i>
Tau Theta	<i>Wayland Baptist College</i>
Tau Iota	<i>Louisiana College</i>
Tau Lambda	<i>Rose Polytechnic Institute</i>
Tau Mu	<i>The University of South Florida</i>
Tau Nu	<i>California State University—Humboldt</i>
Tau Omicron	<i>Indiana University, Purdue University —Indianapolis</i>
Tau Pi	<i>Delaware State College</i>
Tau Rho	<i>Del Mar College</i>
Tau Sigma	<i>Brandywine Junior College</i>
Tau Tau	<i>Wilmington College</i>
Tau Upsilon	<i>Wisconsin State University— Platteville</i>
