SPRING 1981

1979-80 H. ROE BARTLE CHAPTER AWARDS

Eighty-eight Alpha Phi Omega Chapters qualified in 1979-80 for the H. Roe Bartle Chapter Award. This is nearly double the number of chapters which received the award in 1978-79.

This award was established in 1975 to honor those chapters which achieve and maintain high standards in all aspects of chapter operations. This basis for the award is a self-evaluation by the chapter, which reviews its operations and sets goals for the next year. The determination of whether a chapter deserves the award is made by the chapter.

The 1979-80 H. Roe Bartle Chapter Award

Form was mailed to all chapters in November of 1980. It was combined with the Annual Program Review, which must be completed by every chapter. The process of completing the form allows a chapter to determine strengths and weaknesses and develop plans to build and strengthen its operations. If every chapter strives to earn this award, the end result will be a more effective Fraternity.

We salute those chapters earning the award for 1979-80. Chapters which qualified, and the number of years each chapter has earned the award (in parentheses) are:

MESSAGE FROM THE PRESIDENT

The dedication of Alpha Phi Omega brothers to the principles of leadership, friendship and service is a continuing, lifelong commitment. The close of the academic year on most of our campuses brings many of us to a transition point in our role in Alpha Phi Omega.

For many brothers, the end of the academic year means a departure from the campus and the chapter as they move on to the next step in their careers. On behalf of the fraternity, I am pleased to congratulate our graduating brothers and to wish them success in their various walks of life. Their continued dedication to leadership, friendship and service can help to make our world a better place in which to live. We hope that many of our graduating brothers will find it possible to assist the fraternity in the future as volunteers, advisors, contributors, or friends consistent with our tradition of leading some and following others.

For many other brothers, the end of the academic year brings only a short break before studies are resumed. For these brothers, the summer can be a time to enjoy life, to plan and prepare for the coming year, and to gain experience outside the classroom.

Whether you are graduating, returning to school in the near future, or pursuing your career as a life member, I wish you a pleasant summer. May the spirit of service guide each of us until we meet again.

C. P. Zlatkovich
National President

SPECIAL ANNOUNCEMENT

Roger A. Sherwood, who has served with distinction as our Executive Director since 1972, has been offered and has accepted a position as Executive Director of the Society of Teachers of Family Medicine, a national organization based in Kansas City. He will be starting his new position on June 1, 1981. While his departure is a real loss to Alpha Phi Omega, I know that you will join me in wishing Roger the best in his new role.

The Executive Director is appointed by the National President with the approval of the National Board of Directors and serves at its pleasure. A Selection Committee has been appointed to assist in the process of selecting a new Executive Director. I intend to make a recommendation to the Board at its July 11, 1981 Meeting.

Brothers interested in applying for the position are invited to submit resumes to Selection Committee, Alpha Phi Omega, 1100 Waltower Building, Kansas City, Missouri 64106.

1980 CONVENTION A BIG SUCCESS

Six hundred and thirty-two delegates officially registered for Alpha Phi Omega's National Convention at the Marriott Hotel in Los Angeles, California on December 27-29, 1980. While this was one of the smaller Conventions in recent years, it was highly successful in maintaining and building the spirit of Alpha Phi Omega.

The actions of the delegates and the election results were covered in the last issue of *Torch and Trefoil*. Because of the volume of business conducted, we were not able to provide a general overview of the Convention. This article and the Convention Candidats on Pages 4 and 5 will provide a broader picture of the meeting.

The Convention Committee, headed by Larry Pang, Convention Chairman, and Earle Herbert, Convention Coordinator, worked hard to make this a memorable experience. Reports from the delegates indicate that they were successful.

For three days the delegates debated changes to the governing documents, the site of the next Convention, the election of National Officers, and participated in a variety of development seminars and leadership workshops. Sandwiched around these important areas were two banquets and ample opportunity for informal discussion.

The delegates enjoyed a Mexican flavor at the opening banquet with pinatas supplied by Theta Iota, University of Arizona, and a mariachi band. At the closing banquet a local Scout Drum and Bugle Corps entertained. Addressing the delegates

at the banquets were Joseph Scanlon, former National Executive Director and James L. Tarr, Chief Scout Executive.

The National Distinguished Service Key, Alpha Phi Omega's highest honor, was conferred upon Roger A. Sherwood, National Executive Director, and Sid Smith, National Board Member-at-Large. Epsilon Zeta Chapter, Rensselaer Polytechnic Institute, received the Arno "Shorty" Nowotny National Service Award for conducting the outstanding service program over the last two years. The Josiah Frank Historian's Award was presented to Epsilon Lambda, Michigan Tech.

The National Alumni Committee presented the Distinguished Alumni Key to J. Franklin McMullan, for whom the Fall 1973 Pledge Class was named. Alpha Chi, Massachusetts Institute of Technology, received the Man-Mile Award, bringing 30 people from the East Coast and having a number of West Coast alumni in attendance. The award for the best chapter exhibit went to Beta Sigma, Texas Tech.

The delegates enjoyed two slide shows, one on H. Roe Bartle and the second on the Convention itself, consisting of slides shot throughout the Convention and presented at the closing banquet. Dr. Librado Ureta, founder of Alpha Phi Omega of the Philippines, was a featured guest. He was joined by four members from the Philippines and several alumni from the Los Angeles area.

Kansas City, Missouri was selected as the site of the 1982 National Convention. Begin your planning now to join us in K.C. in '82.

NEW AVIS DISCOUNT PROGRAM

We are pleased to announce that Avis Rent A Car System has extended a special discount rate to all Alpha Phi Omega members. The discount is 35% on normal time and mileage rates in the 48 contiguous states and the District of Columbia. It does not apply to special rates which might be in effect.

To take advantage of this rate, you must show your Alpha Phi Omega membership card to the rental agent. In addition, you must advise the agent of the discount number. The easiest way to do that is to write the number on the back of your membership card. THE DISCOUNT NUMBER IS A/A847400. Be sure to do this immediately.

CORRECTION

In the Winter-Spring 1981 issue of *Torch and Trefoil*, a By-Law amendment adopted by the 1980 National Convention was incorrectly reported. That should have read:

National Board of Directors Powers
Article VI, Section 1

The delegates voted to amend this section by adding the phrase "consistent with the provisions of these By-Laws" at the end.

New By-Laws will be distributed to all chapters early next Fall.

CHAPTER PRESIDENTS' WORKSHOP

Chapter Presidents' Workshop: n. a program that helps chapter presidents, vice-presidents and sectional chairmen and staffs to meet the challenges of their offices more effectively.

You probably won't find the definition above in your dictionary, but if you've been elected to one of these positions, the Chapter Presidents' Workshop should be on your planning calendar for this summer.

The Chapter Presidents' Workshop is a weekend program which deals with chapter operations and tackles the problems likely to be faced by these officers head-on. It provides a practical approach to chapter management and to the leadership skills necessary to effectively handle your job.

The techniques utilized include discussion, role playing, some formalized presentations, and a lot of interaction within the group. The "staff" consists of carefully selected Fraternity leaders who have demonstrated their capacities to participate in this type of program. The cost for the program is \$50, which

includes room and board and all materials. This has been kept to the lowest possible level.

There are three workshops scheduled for this summer:

- | | |
|----------------|---|
| August 7 - 9 | Pepperdine University
Malibu, California |
| August 14 - 16 | Kansas City, Missouri |
| August 28 - 30 | Washington, D.C. |

A registration form was sent to your chapter with the chapter bulletin. (If you didn't receive one, just send your name and address to the National Office and a form will be sent to you). All registrations must be received no later than July 15.

If you have any doubt about the value of participating in this program, think about the comment of one of last year's participants: "It got me excited about Alpha Phi Omega again."

Isn't that worth one weekend of your time?

EPSILON NORTHEAST MISSOURI STATE UNIVERSITY

The Fall 1980 Pledge Class of EPSILON, NORTHEAST MISSOURI STATE UNIVERSITY, conducted a Fall clean-up day for the city of Kirksville as its service project. The pledge class officers planned the event with the Kirksville Chamber of Commerce and the Public Services Department. Despite freezing temperatures, the pledges collected many bags of trash. The city provided a truck for the project. They report that it was a good means of improving campus-community relations. You can contact Epsilon at Northeast Missouri State University, Student Union Building, Kirksville, Missouri 63501.

Epsilon pledges take a rest from their clean-up efforts.

EPSILON ZETA RENSSELAER POLYTECHNIC INSTITUTE

Are you interested in writing to someone from another chapter? If so, EPSILON ZETA, RENSSELAER POLYTECHNIC INSTITUTE (NEW YORK), is interested in hearing from you. They've organized a Pen Pal Project to exchange ideas and make new friends. If you'd like to participate, fill out the form below and send with a self-addressed stamped envelope to Alpha Phi Omega, Student Union, Room 235, RPI, Troy, New York 12180.

ALPHA DELTA SAN DIEGO STATE UNIVERSITY

The Presidio Park Little League benefitted from a project of ALPHA DELTA, SAN DIEGO STATE UNIVERSITY. The Brothers renovated a Little League baseball diamond that had been extensively damaged because of rain. They removed rocks and mud, dug a trench for the reinstallation of an irrigation system that had been damaged, repaired the irrigation pipe, and did general clean up.

For information on the project you can reach Alpha Delta at A.S. Office Box #8, San Diego State University, San Diego, California 92182.

THETA DELTA WAYNESBURG COLLEGE

The latest campus craze, tucking someone into bed, has been utilized as a fund raising project by THETA DELTA, WAYNESBURG COLLEGE (PENNSYLVANIA). The service, which costs \$1.00, is designed to raise money for Children's Hospital in Pittsburgh. The project might raise some eyebrows, but after the lights go out, the event is over. Professors and administrators, as well as students, have participated. There have been some rather innovative tuck-ins, including reading a bedtime story, providing a glass of warm milk, or singing nursery rhymes. Some tuck-ins have been accompanied by large audiences. The chapter reports that the service has been warmly received on the campus. What better way to raise money for children than by one of their favorite experiences — the nightly tuck-in! You can contact Theta Delta at Waynesburg College, Waynesburg, Pennsylvania 15370.
