

Spring 1993

## *Challenge 450*

We have a challenge before us. We want to realize 450 active chapters of APO before the beginning of the next decade. If we are to achieve this number by the year 2000 we have much work to accomplish. President Clinton challenged a new generation of Americans in his inaugural ad-

dress to act on idealism by helping troubled children, to keep company with those in need, to work to better our communication. He noted that, in serving, we recognize a simple but powerful truth: We need each other, and we must care for one another.

Across our nation we need

to charter new chapters and re-activate those chapters that are now dormant. Through these efforts we can reach our goal and be more effective in striving to answer the challenge of our brother and President. (See related articles on pages 2 and 12.)

James L. Chandler, Irving, TX

## MESSAGE FROM THE NATIONAL PRESIDENT

During the past several years, Alpha Phi Omega has made great strides.

We have senior administrators from several universities active on our National Advisory Committee. We have developed excellent working relationships with other service organizations such as the Campus Opportunity Outreach League. We have built a new national headquarters and are well on our way to paying off its mortgage. We have many national efforts to support chapter programs.

But the cornerstone of our Fraternity continues to be the service programs conducted from college campuses across the nation by our individual chapters. And it is members that make those programs possible.

Without recruitment of new members, every single chapter, every service program, would soon disappear as existing students graduate.

Viewed from the opposite angle, imagine how much more we could do if each of us not only replaced ourselves before graduation, but added an additional member. Imagine if we had chapters at 450 colleges and universities instead of 312.

To be ultimately successful, Alpha Phi Omega must continue to grow. It must be inviting and attractive to every student who shares our ideals and our commitment to service. There must be no barriers impeding those who wish to serve.

Exclusivity has no place in a Service Fraternity, whether it stems directly from conscious decisions or in-

Gerald A.  
Schroeder  
National President

directly from practices or traditions that undercut the identities of prospective members.

Strength and unity flow from diversity.

Our membership programs must ensure through objective standards that new members share our ideals of leadership, friendship and service. But our system must also be dynamic and open. People who genuinely wish to join us at our table must feel welcome in our embrace. The arms of a true friend must always be waiting.

When your fundamental purpose is service to others, bigger is better.

Bigness diminishes friendship and unity of purpose only if we let it by ignoring the challenge.

I have never met a person with too many friends. I have never seen a service program that could not use another pair of hands. And I have never worked with leaders so gifted that additional assistance was not needed.

One of our founders, in a letter to the 1992 National Convention, said: "Never did [the original fourteen founders] imagine that the growth of

*(continued on page 3)*

## On the cover . . .

The chapters featured on this cover are integral parts of our total growth goal: (From the top) Theta Upsilon, Case-Western Reserve University, Cleveland, Ohio, reactivated December 12, 1992; Zeta Lambda, University of Toledo, Toledo, Ohio, reactivated November 29, 1992; Alpha Gamma Upsilon, Carlow College, Pittsburgh, Pennsylvania, chartered December 6, 1992; and Alpha Gamma Phi, Northern Kentucky University, Highland Heights, Kentucky, chartered December 10, 1992. These chapters are from Region V which comprises Ohio, West Virginia, Western Pennsylvania, and Eastern Kentucky.

Recognizing the need for a more encompassing involvement by the members of the Fraternity in achieving our goal of 450 chapters by the year 2000 the Regional Directors, at the February 1993 Board meeting, requested that the article on page 12 be included in this issue.

# New-member education program

## ... 1992 convention approves alternative

by Jack  
McKenzie  
National  
Public Relations  
Chair

Responding to the needs of chapters at schools where pledging has been banned, the National Convention in December adopted an alternative new-member education program for use on such campuses.

The decision followed an 18-month study of the issue by the National Board of Directors. The study found that hazing concerns had prompted several colleges and universities, as well as national fraternities and sororities, to restrict or eliminate pledging programs.

The study concluded that Alpha Phi Omega needed to develop an alternative to pledging for use by chapters facing such restrictions.

The Convention authorized an alternative program for use only after a school's administration, by written notice to the National Office, has prohibited the Fraternity from conducting a pledge program on that campus.

Within the limits of the alternative program approved by the Convention, the chapter and its Regional Director would work out the details of a specific plan acceptable to the local administration.

The general program includes a "rush" phase, an education phase and a pre-active phase:

### "Rush" phase

- "Rush" would involve a service project and a fellowship activity, in addition to the traditional "open meeting."

- Participation in these events would be mandatory for prospective members; therefore, to provide ample opportunity for participation, more than one of each type of event might have to be held.

- The "rush" period would last 2-3 weeks, followed by a meeting at which key chapter officers would explain how the chapter operates and would answer any questions the prospective members might have. At that meeting, each prospective member still interested would be given a "pledge manual" and other relevant materials, assigned a "Big Brother" mentor, and told the date, time and cost of initiation, which comes after the education phase.

### Education phase

- There would be 2-4 meetings to educate the prospective members about the chapter's programs, activities and structure.

- Each prospective member would be expected to become involved in at least one project/committee/etc. (depending on the chapter's structure).

- Prospective members would be encouraged to get to know each other as well as active Brothers; however, no formal requirements such as "interviews" would be allowed.

- The education phase would end with initiation of the new members, who would become Brothers of Alpha Phi Omega once their applications and fees arrive in the National Office. This would be a permanent membership that could not be taken away except as provided by the National Bylaws; however, these new Brothers would not have immediate active status in the local chapter nor the right to vote.

### Pre-Active phase

- To gain active status in the local chapter, each new member would have to participate in a minimum number of service projects, chapter meetings, and other such events. The specific requirements would be set by the chapter and would have to be objective.

- Participation in activities before initiation would count toward meeting the requirements, but they would be set up so that they could not be completely met until several weeks after initiation. This would give the new members time and incentive to learn more about the chapter before gaining the right to vote.

- The requirements for becoming active, however, would have to be consistent with the requirements applicable to all Brothers for maintaining active status. Otherwise, "pledging" simply has been delayed until after initiation.

## PRESIDENT'S MESSAGE *(continued from page 2)*

the Fraternity would be so amazing and so complete." His successors and our predecessors are responsible for that growth.

We are answerable for continuing this tradition of openness and growth.

Our challenge — our obligation — is to share the gift of membership that we received in trust with as

many students as possible.

In that way Frank Reed Horton's dream of understanding and friendship will be realized, and the world will be a better place in which to live, to make a living and a life.

Planning for next semester's recruitment of new brothers should begin *now*.

### COMMITTEE APPOINTMENT

National President Jerry Schroeder has appointed Dr. Gerard J. Kennedy as Chair of the National Scouting Relations Committee. Dr. Kennedy has been an Executive Board member of the National Capital Area Council of the Boy Scouts of America since 1965 and is a former Dean of Students at The Catholic University of America. He was the founding president of Nu Psi Chapter and has served as chair of the APO advisory committee at Montclair State College and the University of Connecticut. He is a past Region I Director and National Board member of the Fraternity.

### MU GAMMA

Pictured are the newest members of **Mu Gamma** chapter at Morgan State University, Baltimore, Maryland. Pledge service projects included distribution of condoms to students on the Morgan State campus; distribution of books and magazines for the patients at Good Samaritan Hospital in Baltimore; and in conjunction with the brothers of the Baltimore Alumni Association, the pledges helped distribute flyers for a Can Food Drive. Other projects of the Mu Gamma chapter included volunteering their time in making sure that women at Morgan State had an escort to co-ed dormitories or cars late at night. Brothers also volunteered time as computer lab assistants in the School of Business and Management. For further information contact Mu Gamma chapter of Alpha Phi Omega, Morgan State University, 1700 E. Cold Spring Lane, Baltimore, MD 21239.

### SECTION 52

On the weekend of October 11-13, 1991, the Brothers of five chapters in **Section 52** gathered on the campus of Ball State University in Muncie, Indiana, to volunteer their time and share in a grand expression of love. It was an experience none of them would forget. Part of the AIDS Quilt, a memorial to thousands who have died, was displayed in Irving Gymnasium at Ball State. The Quilt was brought to Ball State by a host committee representing several student organizations. This committee also included Delta Xi Brother and Section 52 Service Chair Bill Warnock. On the first night of the display, Brothers from Delta Xi (Ball State), Tau Lambda (Rose-Hulman Institute of Technology), Zeta Gamma (Valparaiso University), Alpha Gamma (Purdue University), and Tau Omicron (IUPUI) joined with other student organizations in a candlelight vigil to commemorate those who have died of AIDS. The brothers then viewed the Quilt for the first time.

Following the first viewing, brothers gathered at the Delta Xi chapter office to watch *Common Threads*, a documentary on the Quilt. Afterward, a panel was constructed for addition to the Quilt on behalf of Alpha Phi Omega. The next day, brothers gathered early to do their volunteer work. They worked as door monitors, Quilt monitors, information booth staffers, merchandise salespersons, and security personnel. Everyone was assigned duties in rotating three-hour blocks. Several also volunteered to read names. Background information on the Quilt and training for each assignment was given to everyone. Over 7,000 people came to view the AIDS Quilt. In addition, \$5,000 was raised through merchandise sales to help finance the NAMES project. For further information contact the Delta Xi chapter of Alpha Phi Omega at Ball State University, Box 397, LA Pittenger Student Center, Muncie, IN 47306-0001.

## THETA CHI

On October 11, 1992, members of the **Theta Chi** chapter at the George Washington University, Washington, D.C., volunteered to serve at the Aids Quilt display. The brothers attended volunteer meetings in conjunction with the NAMES project, Washington, D.C. Brothers served as guardians of the Quilt and at information booths. They were part of 4,000 volunteers from 19 countries. The Quilt displayed in its entirety had 21,000-plus panels and covered the grounds near the Washington Monument. For more information contact the Theta Chi chapter of Alpha Phi Omega, George Washington University, Marvin Center Box 1-A, Washington, DC 20057-0001.

## OMICRON

Last September members of the **Omicron** chapter at the University of Iowa, Iowa City, assisted the Red Cross of Iowa City. The chapter collected donations for the Disaster Relief Fund. During the Iowa Hawkeye and Miami Hurricane football game in Iowa City, over \$4,000 in contributions was raised to aid victims of Hurricane Andrew. Later in October members donned their warmest winter gear for protection from the elements while taking part in the fourth annual Rock-a-Thon. Members rocked in rocking chairs for a 24-hour period after collecting donations for the Emergency Housing Project in Iowa City. Approximately \$240 was raised for this project. The fall '92 pledge class of Omicron launched their dedication to service on Saturday, November 7. Pledges and invited actives held a supply drive for the benefit of the Emergency Housing Project in Iowa City. The success of the collection was evident in two heaping carloads of badly needed paper and cleaning products. The chapter also held a bake sale in which funds were donated to the Kirkwood Fund which allows people to earn their high school diploma. For further information contact the Omicron chapter of Alpha Phi Omega, University of Iowa, Iowa Memorial Union - Student Activities Center, Iowa City, IA 52242-0001.

## BETA EPSILON

On September 12, 1992, brothers from the **Beta Epsilon** chapter at the University of Northern Iowa and the Omega Xi chapter at Cornell College participated in a clean-up day at George Wyth State Park. Twelve brothers picked up garbage around high-use areas of the park, and afterwards the chief ranger brought up the idea of working on an Adopt-a-Park program. The brothers of Beta Epsilon are now working closely with the staff at the park to set up guidelines and project ideas for an Adopt-a-Park program. What was a one-shot service project has become an exciting full-scale project with definite possibilities for expanding to other areas of the country. For more information contact Jolie Prentice, President, Beta Epsilon chapter of Alpha Phi Omega, Student Organization Center, Maucker Union, University of Northern Iowa, Cedar Falls, IA 50614-0167.

## 1992 TORCHBEARERS

In this issue of the Torch & Trefoil, we recognize our donors. Those brothers giving a minimum of \$50 are recognized as Torchbearers. Those brothers giving \$100 are recognized as Silver Torchbearers, those giving \$250 are recognized as Gold Torchbearers, those giving \$500 to \$2500 are recognized as Torchbearers and Founders Circle. Again this year the level of donors will be listed by chapter and not in separate groups.

All our donors are important and necessary to the operation of the Fraternity. It is through them that Leadership, Friendship, and Service are kept alive on our campuses.

They invite you to join them in their commitment.

## Executive Director goes to jail

This past fall the National Executive Director went to jail for the March of Dimes. Only through the good will of Brothers, friends and local businesses was he released! Over \$300 was raised for the prevention of birth defects.

## ALPHA GAMMA IOTA

**Alpha Gamma Iota** chapter's second annual Haunted House at the Philadelphia College of Pharmacy and Science entertained 600 people from the campus and surrounding community. In the process they collected over 400 cans of food. The Haunted House was held at a nearby church (in the basement), and the food was donated to the church mission for distribution to the needy in the area. Assistance was provided by both the Zeta Theta chapter at Drexel University and the Delta Zeta chapter at the University of Pennsylvania, also in Philadelphia. A great time was had by all. For further information contact Alpha Gamma Iota chapter of Alpha Phi Omega, Philadelphia College of Pharmacy and Science, 43rd and Woodland Avenue, Philadelphia, PA 19104.

## KAPPA THETA

The **Kappa Theta** chapter at Wake Forest University, Winston-Salem, North Carolina, does a unique service to campus. Each semester the brothers of the chapter register every active student for classes. The event takes four days and all brothers participate in this service project. For additional information contact Kappa Theta chapter of Alpha Phi Omega, Wake Forest University, PO Box 7367 Reynolds Station, Winston-Salem, NC 27109-7367.

## BETA ETA

The **Beta Eta** chapter at the University of Missouri-Columbia combined its fellowship and service tasks during their annual Trick-or-Treat for canned goods project. Members, dressed in a variety of costumes, went door-to-door on Halloween, asking for donations of canned goods in place of candy. Over 340 cans of food were collected and donated to the Central Missouri Food Bank, which feeds the needy in 29 counties in mid-Missouri. Members also helped build a Habitat for Humanity house as part of the university's Homecoming activities in October. For information on either of these activities, contact Beta Eta chapter of Alpha Phi Omega at the University of Missouri-Columbia, A0222 Brady Commons, Columbia, MO 65211.

## PI BETA

Pi Beta chapter at the University of Dubuque, Iowa, recently held its annual Teeter-Totter Marathon on campus. The money raised this year is being given to the Hurricane Andrew Fund. The Teeter-Totter Marathon lasts for 48 hours; it starts on Friday and ends on Sunday. The Teeter-Totter Marathon received support from the local radio stations, the local newspaper, and the local television station. In addition the support received, Pi Beta also received donations from local sponsors. All of the pledges, actives, and even the advisor participated in the Teeter-Totter Marathon. For further information contact the Pi Beta chapter of Alpha Phi Omega at University of Dubuque, 2000 University Avenue, Dubuque, IA 52001.

## F D W AT NATIONAL CONVENTION

Twenty-nine people completed the first ever **Friendship Development Workshop** held at a National Convention this past December in Boston. Discussions on what role friendship and brotherhood have in chapter activities and how to develop and maintain these ties were explored in role-play and problem-solving exercises based on real experiences in real chapters. Fun and fellowship were enjoyed by all. This workshop is still evolving. So, if you have suggestions or questions, contact Lisa Covi, 1691 Mesa Drive, Santa Ana, CA 92707 or by email, [covi@ics.uci.edu](mailto:covi@ics.uci.edu).

## NATIONAL ALUMNI DSK PRESENTED TO DONALD FISHBACK

Brother Donald Fishback of Louisville, Kentucky, recently received the National Alumni Distinguished Service Key. He was honored for his many years of outstanding service. After flying B-17s and B-29s in World War II and being imprisoned as a prisoner of war, Brother Fishback returned to the United States and entered the University of Louisville. In 1946 he was the chartering president of Delta Theta chapter. This began a 46-year relationship with Alpha Phi Omega. Don has remained an advisor to Delta Theta chapter for many years and was an important factor in the revitalization of the chapter in 1990. The formation of the Alpha Phi Omega Greater Louisville Alumni Association also is credited to Don. He was presented the National Alumni DSK by Fred C. Heismeyer, National Alumni Chair; John Anderson, Region V Director; and Lee Peters, past Section 67 Chair. Don's wife, Tachy, also is pictured.

# Challenge 450

— the quest is on for the year 2000!

Old idea! How about bringing APO to a new campus! This is one of the greatest services that can be rendered to our National Fraternity!

New idea! How can we challenge actives and alumni alike to help the Fraternity reach a goal of 450 chapters by the year 2000!

Today we have 312 active chapters. So, we have a lot of work to do in the next 7 years if we are to reach this achievable goal. But, we need your help in building Alpha Phi Omega.

The entire extension process, from first inquiry to the granting of a charter, has been revised. Materials have been developed to guide both students organizing a new chapter and volunteers working with them.

There are numerous ways for both actives and alumni Brothers to become involved in this program. The key to our success will be the number of Brothers who are willing to become involved. In order to get the ball rolling we have started a target list. Do you know someone on one of these campuses that could help us begin a new chapter? Please let the National Office know.

The Regional Directors and Sectional Chairs are being challenged and they are asking for your assistance and support. We need to:

- Locate potential new brothers at new schools.
- Identify schools that do not currently have an APO chapter.
- Identify instructors, professors, administrators at a particular school that would be an initial contact for a new chapter.

**Target Schools**

Region I: University of Rhode Island  
Adelphi University  
Iona College

Region II: Niagara University  
LaSalle College

Region III: Scranton University  
Shenandoah University  
Towsend University

Region IV: University of Miami  
University of Georgia  
University of Tennessee - Knoxville

Region V: Youngstown State University  
Concord College  
St. Vincent College

Region VI: Western Michigan University  
University of Notre Dame  
Illinois Institute of Technology

Region VII: New Mexico State University  
Texas A & I University  
University of Mississippi

Region VIII: University of Nebraska - Lincoln  
University of Kansas  
Central Missouri State University

Region IX: Iowa State University  
University of Wisconsin - Madison  
Marquette University

Region X: UCLA  
University of Arizona  
Portland State University

**Challenge 450 - The Quest is On!** Please fill out this form and mail to: CHALLENGE 450, Alpha Phi Omega, 14901 E. 42nd Street, Independence, MO 64055-7347

1. Yes, I know a contact and want to help!
