# NATIONAL PRESIDENT'S MESSAGE

Leadership. For us in Alpha Phi Omega, this word conjures up an image of the person running the weekly meeting or the member in charge of a service project giving orders and coordinating activities. A bit deeper brain search may result in an awareness that leadership is one of our three cardinal principles. How well are we actualizing this ideal?

Obviously, we develop leaders in our Fraternity. Every chapter has its officers and every project has someone in charge (at least it should). These people get the opportunity to succeed or fail. They must go about the task of getting others to work toward assigned goals. They learn and grow from their experiences as leaders. But even in the most active chapters the identified leaders are few compared to the membership.

What about the average active? What about the typical pledge? Are they leaders as well? Certainly they are not identified as such, nor would they think of themselves in this way. And yet, if all brothers are not challenged to develop their capacities as leaders the chapter would be failing to take advantage of available talent. Many brothers may never discover that they have leadership traits until given a chance. This would deny the advantages of fresh approaches and spreading out the work. Also, the Cardinal Principles are not just those of the chapter or the national fraternity. Rather, they should be the striven for goals of every member. Simply put, if every member is not leading to his or her capacity, then the Fraternity is not succeeding.

Such leadership can be manifested in many ways. It may be leader-like to let

Dr. Stan Carpenter  
National President

someone else get involved even if you already know how to do something. Following enthusiastically is a good way to lead and to learn to lead. Leading by example, with no trappings of office or official title, is a particularly valuable skill. Even if one is an officer or other identified leader, it is good to remember that one of the principle jobs of the leader is to prepare his or her replacement.

Finally, I would argue that every person who takes the vows of Alpha Phi Omega, or wants to, is a leader. By choosing to commit to serve others, we lead by shining example. And that kind of leadership has impact far beyond the chapter and the campus.

Pictured above is the exterior design of the new National Office.

COVER—Past National Executive Directors Roger Sherwood and Joseph Scanlon join the current National Executive Director Patrick Burke in breaking ground for the new national office.

# PERMANENT NATIONAL OFFICE TO BE A REALITY

## Ground Breaking Ceremony...

*"The words that describe this future National Headquarters are the same as those that describe the values of Alpha Phi Omega—traditional, functional, strong, and beautiful.*

*Let the work that goes on here facilitate Service to humanity.*

*Let this building stand as a tangible symbol of the spirit of Alpha Phi Omega, a flame that has burned and burns on in the hearts and souls of over 210,000 brothers.*

*Beginning today, let this building stand for Leadership, Friendship, and Service . . . bound by a single tie, Alpha Phi Omega, our beloved Fraternity. May Alpha Phi Omega ever stand united."*

With those thoughts our National President, Stan Carpenter began the recent ground breaking ceremony for our future permanent National Office.

Others present for the ground breaking ceremonies were Joe Scanlon, Past National Executive Director; Roger Sherwood, Past National Executive Director; Robert Barkhurst, National Archivist; Alex Lewandowski, Fraternity Legal Council; Barbara Potts, Mayor of Independence; Jere Ratcliffe, Scout Executive, Heart of America Council BSA; Dr. Robert Henley, Superintendent, Independence Public Schools, and Patrick Burke, Current National Executive Director.

The new National Office will contain over 6,000 square feet of office space and storage. The office will be located in the Hidden Valley Office Park in Independence, Missouri, an eastern suburb of Kansas City, Missouri, on Interstate-70 at Noland Road. The building should be completed and the National Office moved by August 1, 1990.

Stan Carpenter, National President (center) receives assistance from Mayor Barbara Potts of Independence and Jere Ratcliffe, Scout Executive, Heart of America Council BSA.

Also taking a turn at the shovels were Alex Lewandowski, National Legal Counsel and Bob Barkhurst, National Archivist.

## Fund-Raising Efforts Continue...

Five years ago the idea of owning a permanent National Office was a good idea in the minds of a few. Today through our fund-raising efforts in the "Capital Campaign" those ideas are being translated into reality. Many brothers have completed a 3-year pledge to the Capital Campaign and in doing so they were an integral part in contributing a net \$145,000.00. These efforts have allowed the Fraternity to purchase land and now begin construction of the new National Office. The fund-raising still must continue.

The plan for our new fund-raising goal of \$300,000 is just beginning. It is called "Target 30" and will allow the Fraternity to pay off the construction, and endow the operation of the National Office. Initially thirty chapters of the Fraternity will be involved. Specific alumni brothers will write letters to other alumni from their respective chapters and ask them to help the Fraternity realize the goal with a financial contribution this fiscal year.

All donors in the recent Capital Campaign and Target 30 will be suitably recognized in the new National Office. Your support in this effort is appreciated, and very important. For further information write Patrick W. Burke, National Executive Director, National Office, 1627 Main Street, Suite 400, Kansas City, MO 64108.

# NU MU

The brothers at Nu Mu Chapter at the University of Minnesota-Duluth have an exceptional service project. They call it the "UMD Escort Service". This service was founded in 1982 because of a general concern by the university at large about the growing number of campus assaults. Alpha Phi Omega stepped in and began offering an escort service. How does it work? If a person on campus wants to walk to another designated point on campus in the evening and would rather not walk alone, they simply call "6100" and wait the arrival of an escort. Together they walk to the designated spot and arrive safely without fear of being unprotected. The brothers, or escorts, carry identification verifying they're officially with the escort service. The project has been very successful on campus and just recently the chapter increased the quality of the service by purchasing a two-way communications system.

The radio system increases efficiency, adds a definite safety factor and increases visibility. This system was purchased through Nu Mu Chapter, campus funds, and a donation from Gamma Sigma Sigma. Within the same time frame the escort service expanded to a new office and longer hours of availability. The program has helped reduce the number of campus assaults while at the same time providing a friendly and courteous service. The escorts all wear uniform jackets and carry with them a radio, flashlight, and umbrella in case of foul weather. All this insures a safe trip home. For more information on this project contact Nu Mu Chapter, University of Minnesota-Duluth, Kirby Student Center, Duluth, MN 55812.

## 1988-89 A FISCAL REVIEW

by Wilfred M. Krenak,  
National Finance  
Chairman

I am very pleased to report that for the Fraternity's fiscal year ending August 31, 1989 revenues exceeded expenses by \$32,067.00 ending a period of deficits recorded for the three previous years. This Fraternity's performance for the year is shown in the increase in cash and money market funds to nearly \$74,000.00 from approximately \$34,000.00 the previous year.

Many factors contributed to the Fraternity's favorable performance. Membership fees exceeded the prior year by \$17,495.00 or 9.4%. The Fraternity's National Convention held in December 1988 in Denver netted \$6,851.00. Sales of Fraternity jewelry and supplies in 1989 were \$60,507.00, or nearly 44% over 1988. These factors coupled with continued emphasis by the National Office staff on cost containment have made this year a financial success for the Fraternity.

During the current fiscal year the Fraternity purchased a new computer system borrowing \$25,000.00 from the Alpha Phi Omega Endowment Fund. The computer was purchased for the purpose of maintaining the membership records of our chapter in-house versus the use of an outside computer firm. The computer also has enabled the Fraternity to better utilize such data for

fund-raising efforts. Also during the year the Fraternity purchased a personal computer and has begun the process of computerization of all financial records.

At August 31, 1989 the Capital Campaign had raised over \$113,500.00 in an effort to build and endow a national headquarters building. Such effort has paid off with the purchase in December 1989 of a site for the headquarters in Hidden Creek Office Park in Independence, Missouri. Plans are currently in process for the construction of a building. Continuing efforts are underway to raise an additional \$300,000.00 to pay for the future operating expenses of the facility.

Even though our financial situation has improved during 1989, there are a number of areas that we must continue to monitor. Our fund-raising efforts through our Development Campaign and other sources must be enhanced to provide a solid base for the Fraternity's future. The operating expenses of the Fraternity will be reviewed to maintain adequate and improved chapter services within budgetary constraints. Finally we must build our reserves to assure a strong Fraternity in the future. The Finance Committee will strive to meet these financial needs.

The accompanying financial statements have been audited by Deloitte Haskins & Sells, a national CPA firm retained by the Fraternity to examine our financial data and prepare the annual financial reports.

In conclusion, the past year has been a rewarding one for the Fraternity from a financial standpoint. As we enter the 1990s, we must build on our past success for a strong Fraternity.

## ALUMNI, ACTIVES OF GAMMA LAMBDA CELEBRATING GOLDEN ANNIVERSARY

Alumni and Active Brothers of Gamma Lambda Chapter at Clemson University have launched a yearlong celebration of the 50th anniversary of the chapter's chartering.

Beginning with spring-semester rush in January and extending through the National Convention in St. Louis in December, the celebration will encompass more than 30 events—from traditional and new service projects to formal and not-so-formal fellowship activities.

Among the highlights:

- the official kickoff at a banquet and dance in February, with members of the National Board of Directors as special guests and Gamma Lambda alumnus Philip H. Prince, retired senior vice president of the American Express Company and a Life Member of the Clemson University Board of Trustees as keynote speaker.
- the Golden Anniversary Formal on October 5, the eve of the actual anniversary of Gamma Lambda's chartering on October 6, 1940.

Planning for the celebration began in earnest in October 1988, with the formation of a coordinating committee that includes representatives of Gamma Lambda, the Clemson University Alpha Phi Omega Alumni Society (CUAPOAS) and the Clemson University Alpha Phi Omega Scholarship Fund.

For more information, write the committee's chairman, CUAPOAS Executive Director Jack McKenzie, P.O. Box 1382, Clemson, SC 29633-1382.

During the February 10 kickoff banquet for its Golden Anniversary Celebration, Gamma Lambda Chapter at Clemson University presented Philip H. Prince, a life member of the university's board of trustees and senior vice president of American Express Co., with the chapter's Distinguished Alumni Service Chair Award. Mr. Prince is shown in Gamma Lambda's "Distinguished Alumni Service Chair" and with him are three of the chapter's spring 1990 pledges.

Eagle Scouts from across the country helped Gamma Lambda Chapter at Clemson University kick off its Golden Anniversary Celebration. Among those shown here are, from right on the front row: Jay Heim, national director of Eagle Scout Service for the Boy Scouts of America; Patrick Raley, Gamma Lambda's Scouting chairman; and Chuck Bowen, Scouting and external relations chairman for Alpha Phi Omega.

## NY/NJ ALUMNI TO HOST WEEKEND

In anticipation of the Fraternity's 65th anniversary in 1990, the Metropolitan NY/NJ Alumni Association (Metro) is planning to host an alumni weekend in New York City from June 8-10, 1990.

The weekend is to be co-hosted by several of the chapter based alumni associations located in the New York City area. The event is open to APO alumni, their friends and families, including brothers and sisters from Alpha Phi Omega International of the Philippines. The highlight of the event will be the combined alumni banquet to be held on Saturday night. The remainder of the

weekend is open to tour the many exciting sights of New York City.

While plans are still being finalized as we went to press, Metro plans to arrange for a block of rooms in a conveniently located hotel and is willing to provide information about local sites that alumni may wish to visit. By providing information such as how to best get around the city and when tours are available at museums and other attractions, Metro hopes that everyone will get the most enjoyment out of their trip. A hospitality suite will also be provided in the hotel for the entire weekend.

Interested alumni can obtain a full in-

formation packet by contacting the president of the Metro NY/NJ Alumni Association, Daniel Rauch, at:

Metro NY/NJ Alumni Association of APO  
c/o Daniel Rauch  
39 Seward Street  
West Orange, NJ 07052

The Metro NY/NJ Alumni Association is open to all alumni, whether they are from local chapters or have moved into the area. More information about Metro can be obtained by calling Daniel Rauch at (201) 325-0712.

# NORTH-EAST ALUMNI CELEBRATE!!

As of December, Region I had five recognized alumni organizations: Delta Rho Alumni Association (Rutgers), Western Europe Alumni Association, Gamma Iota Alumni Association (Brooklyn College), Alpha Chi Alumni Association (MIT), and the Metro NY/NJ Alumni Association.

During 1989, the Region I Alumni Council held two receptions, one in Northern New Jersey and one in Boston. The purpose of these receptions was to give alumni and graduating seniors a chance to meet other brothers in the area and give people who have been out of touch for a while a chance to find out what APO is doing today. The reception in Boston was attended by 25 brothers including Michael Suhr, the National Alumni Chairman.

In 1990, more alumni events are planned. The Metro NY/NJ Alumni Association's annual dinner will be Saturday, June 9. All alumni in the area are invited. There will be an alumni reception in Brookline, Massachusetts in the spring (date to be determined), and maybe an alumni reception in central Connecticut if there is enough interest.

The alumni from Tau Omega Chapter, Ocean County College, New Jersey

recently celebrated the 20th anniversary of the chapter's founding. Although the chapter is currently inactive, the alumni did have a wonderful time reminiscing and renewing old friendships.

Alumni from Region I which includes New England, New Jersey, New York City, Long Island and Puerto Rico, have much reason to celebrate. At the 29th National Convention held in Denver this past December, two National Distinguished Service Keys were presented, both to Region I Alumni: Fred L. Pollack, graduate of Syracuse

University, Member-at-Large (previously Leadership Development, currently Membership and Extension Chairman); and Betsey Ullrich, graduate of Rutgers University, also of the Leadership Development Committee. There is no doubt that their efforts in the Leadership Development area deserve this honor. We congratulate them both.

For more information about Region I Alumni events, contact Ellen Kranzer, Region I Alumni Council President, 18 Riverdale Street, Allston, MA 02134, (617) 254-0057.

## THE "CHIEF'S" CHALLENGE

In 1972, H. Roe Bartle delivered his final speech to an Alpha Phi Omega Convention. The conclusion of that dramatic address was the Chief's "final challenge": to "reach out" and enlarge our Fraternity.

As we begin our 65th anniversary, our Fraternity is embarking on a renewed response to that challenge: the Founder's Tribute Campaign. This is an effort to reactivate those chapters which have failed over the years. We want to rekindle the spirit of service on those campuses where it has been extinguished. This is one way we can enhance our program and serve more people in more places.

As part of this effort, we have developed new and exciting materials to support this reactivation effort. But there is one ingredient which is essential for the success of this effort which is missing: you.

In order to succeed we will need alumni volunteers to spearhead reactivations on college campuses near them. If you are ready to renew your commitment to serve (and to do so in an important way) please write to the National Office, Attention: Judy Mitchell, Director of Chapter Services, 1627 Main Street, Suite 400, Kansas City, Missouri 64108.

If you're not certain you want to become involved, take a few minutes to think about your experience in Alpha Phi Omega. That opportunity could be extended to hundreds of students with your help . . . or denied them without it.

# 1989 TORCHBEARERS

The Torchbearers listed in this issue reflect those who made contributions between September 1, 1989 to December 31, 1989. Beginning with the Winter-Spring 1991 Torch & Trefoil we are going to begin recognizing Torchbearer donors on a calendar year basis. All Torchbearer donations received in the calendar year 1990 will be recognized in the Winter/Spring 1991 issue.

### ALPHA KAPPA

Alpha Kappa was rechartered at University of Southern California-Los Angeles on October 28, 1989. Pictured are members of the Alpha Kappa Chapter; Rho Gamma Chapter, which was the ritual team; Mark Sugino, Section 1 Chairman; and Dave Emery, Region X Director at the rechartering in the Fall of 1989.

### JERRY LEWIS TELETHON

Chris Simonich of Xi Delta Chapter very proudly shakes hands with Jerry Lewis at the Muscular Dystrophy Association telethon held in September of 1989. Many chapters of Alpha Phi Omega support the telethon. If you would like more information on this service project contact the Xi Delta Chapter, Texas A&M University, Box 7454, College Station, Texas 77844.

## THE 10TH ANNIVERSARY OF NATIONAL SERVICE DAY: A CELEBRATION OF SERVICE

by Kay Hairgrove,  
National Service  
Chairman

Ten years ago, on Saturday, November 3, 1979, our Fraternity observed "Service Day 1979—A Celebration of Service".

This was a logical progression from what had been the National Service Project. It gave chapters of all sizes the opportunity to plan and sponsor their own service projects within the chosen National Program of Emphasis. Service Day allowed chapters more creativity in terms of adapting the concept to the particular needs of their campuses and communities. The idea was almost the same. All of our Brothers providing service to the same area of concern, on the same day, in the united spirit of a National Service Fraternity.

On Saturday, November 4, 1989, we celebrated the 10th Anniversary of National Service Day. It has now become an Alpha Phi Omega tradition. In recognition of this anniversary, our chapters have once again joined forces for our annual "Celebration of Service".

This year, all chapters were asked to plan a project within the area of environmental awareness. This is part of our current National Program of Emphasis: Take Pride in America. Additionally, chapters were encouraged to invite others to participate in their projects thereby helping spread the idea of providing service.

By all reports, National Service Day was an outstanding success. The service our chapters provided and the impact we made on the environment is proof of that success. Here are some excellent examples from across the nation:

### **Alpha Gamma Beta, Clark University, Worcester, Massachusetts**

The Brothers at Alpha Gamma Beta sponsored a cleanup at Crystal Park. The park, which was formerly known as University Park, was donated by Clark University to the Main South Worcester community. It had a horrible litter problem and cleaning it up not only improved the environment but was also a service to the Clark campus and the Worcester community. The chapter didn't just invite other organizations to participate in their project, they invited the whole Clark University student body by plastering the campus with posters advertising the event and the time and place to show up. They

solicited assistance from the campus cafeteria service and physical plant and received their help in obtaining the trash bags and rubber gloves they needed. On Saturday, November 4th, they made a clean swipe of Crystal Park, making it an enjoyable place once again.

### **Delta Upsilon, East Stroudsburg University, East Stroudsburg, Pennsylvania**

Combining our national Program of Emphasis with our rich heritage of service to scouting, the Brothers of Delta Upsilon held a trail clearing project at Camp Minsi. Working with Boy Scouts' Minsi Trails Council Program Director and the Camp Minsi Ranger, the Brothers cleared the camp's trails of brush and logs and removed fallen limbs and logs from the individual campsites.

### **Alpha Omicron, Southern Methodist University, Dallas, Texas**

For their National Service Day project, the Brothers of Alpha Omicron planted trees and cleaned up trash in an inner-city neighborhood. They solicited for and received help from community members, the SMU Environmental Club, the Step Foundation, the Jefries Learning Center, and the City of Dallas. The chapter reported that they actually had more people show up than had signed up and that interacting with the neighborhood kids was great fun.

### **Nu Nu, Eastern New Mexico University, Portales, New Mexico**

These Brothers participated in two different National Service Day projects. On their campus, they held an aluminum can drive to promote recycling and to financially help the Newman Catholic Center with its annual food basket program. On November 4th, the Brothers traveled to West Texas where they joined forces with other chapters for the Section 40 National Service Day Soil Erosion Project. While also providing service to the Boy Scouts, these chapters spent the day at Camp Post working in the areas that have been most damaged by soil and wind erosion.

### **Nu Mu, University of Minnesota, Duluth, Minnesota**

Sponsoring a cleanup at a local park wasn't enough for the Brothers of Nu Mu, they also celebrated National Service Day with a recyclable bar-b-que and party afterwards. They worked with the City's Parks and Recreation Department and received a proclamation from the Mayor proclaiming Saturday, November 4, 1989 "Alpha Phi Omega's National Service Day" in Duluth. In addition to the proclamation, the Nu Mu Chapter received coverage on the local television news and in the campus newspaper. The proceeds from the recyclable bar-b-que and party were donated to charity.

### **Iota Phi, University of California-Davis, Davis, California**

Working with the Davis Department of Parks and Recreation, the Brothers of Iota Phi chose an area of a local park to be cleared and planted with wildflowers. They worked on an area near a bike path, on the banks of a creek. After the area had been cleared, they planted Lupinus seeds, the official flower of the City of Davis. The planting was an important addition to the area because it will prevent future erosion and contribute to the ecosystem. This National Service Day project was covered by both the local newspapers.

This is just a small sampling of our National Service Day-1989 projects. Any chapter that did participate in National Service Day but has yet to send in their National Service Day Project Sharing Form should do so as soon as possible. It is astonishing to look back and review how the concept of National Service Day has grown since that very first one in 1979. Looking ahead towards the new decade before us, the possibilities are endless for where the concept of National Service Day can take us from here. As the Fraternity grows and our communications strengthen, it's not hard to imagine the type of nationwide impact we will be able to make with National Service Day—2000.

### **ETA LAMBDA**

After being provided trash bags by the University of Wisconsin-Eau Claire, buildings and grounds crew brothers from Eta Lambda Chapter began their work on the cleaning of Putnam Trail and Park. The brothers let nothing stand in their way which led them to the major cleanup of the area. It was a project well worth the effort and they plan to do it every semester. For further information contact the Eta Lambda Chapter, University of Wisconsin-Eau Claire, 133 Davies Center, Eau Claire, WI 54701.

## ALPHA ALPHA

Twenty-four brothers and seven cars appeared this past fall at the Museum Association of Douglas County, Illinois. They began a day of activities that they would long remember. They hung drywall, scrubbed walls, and painted woodwork in an area of the museum that will become a storage room. It was a great day for the museum association. The brothers advanced the remodeling work in the museum by leaps and bounds. Not only that, they came back again and brought another group of brothers to continue the refurbishing work in the museum. As one brother said, "Everyone had a blast, and the people at the museum gave us lunch, which we appreciated and greatly enjoyed". For further information, contact the Alpha Alpha Chapter, University of Illinois, 326 Illini Union, 1401 West Green Street, Urbana, IL 61801.

## ALPHA RHO

Alpha Rho held their National Service Day project in conjunction with the Region VII Conference in October, 1989. The theme, "Service Southern Style", was to recognize and honor the man who helped found the Alpha Rho Chapter and many other chapters in Region VII—Arno P. Nowotny. During the Region VII Conference service project, brothers came together to help a gathering of Boy Scouts in service at the annual area camporee. For further information on this project contact Eric Broach, University of Texas-Austin, Box 101, Texas Union, Austin, TX 78712-1104.

by John Wetherington,  
National  
Leadership  
Development  
Chairman

During 1989, nearly 200 chapter leaders attended the Chapter Presidents' Workshops (CPW) given at various sites across the country. Based upon the feedback received from these participants, we have revised this weekend-long workshop to focus rectly on what it takes to run a successful chapter and to allow for more direct contact between the chapter officers who attend.

Another change for this summer's workshops involves who will be invited. While the program is primarily designed for Chapter Presidents, Membership/Pledge Vice Presidents, and Service Vice Presidents, it is also open to other chapter leaders who are likely to hold one of these positions during the coming year. Attendance at any one location will be limited to a maximum of four members per chapter.

Each workshop will begin Friday evening and run until noon on Sunday. Each CPW will give you the opportunity to explore ways to improve your membership recruitment and retention, analyze different leadership techniques and the communication process, solve real chapter problems, and make big plans for your chapter's future. In your spare time, you'll meet brothers from numerous chapters and find or renew the spirit found in being a member of a national fraternity. All-in-all,

# CPW—New & Improved For 1990

the CPW is a key component in preparing for a successful chapter program in the fall.

This summer we are holding CPWs at five locations. Your cost for the weekend, including food and lodging, is \$40 at each location. Out of the national budget we will provide you with all CPW materials free of charge and also subsidize a portion of the food costs to maintain the \$40 rate. Preregistration is essential to guarantee each location. Please watch for registration materials from the National Office and respond by the deadlines provided.

Start planning now—you won't want to miss this learning and fellowship experience.

## Summer CPW Locations\*

Atlanta, Georgia  
Boulder, Colorado  
State College, Pennsylvania  
Indianapolis, Indiana  
Houston, Texas

\*Watch National Chapter Bulletins for dates and specific locations.

The photo of the Chapter President's Workshop at Valparaiso University last summer is an example of what a CPW can do for you and your chapter. First of all, they're FUN; second, they will provide you with the opportunity to develop your leadership abilities to help you do a better job as an officer in your chapter.

## YEAR OF THE EAGLE 1990

1990 is the year of the Eagle. The National Eagle Scout Association (NESA) is searching for Eagles. Please fill out the coupon below and return it to: **National Office of ALPHA PHI OMEGA, 1627 Main Street, Suite 400, Kansas City, MO 64108.**
