A MESSAGE FROM THE NATIONAL

President

*The next two years
will provide many
new opportunities.*

On December 30, 1994, my first official act as President was running to the podium from midway in the ballroom to declare the National Convention of Alpha Phi Omega officially closed. What began in a rushed state has not changed. Appointments to committees, board orientation meetings, signing documents and responding to all correspondence have been hectic. Our immediate past president Jerry Schroeder told me, this is only the beginning!

The past two years have seen many accomplishments. Two of the important notes are the burning of the mortgage on the National Headquarters building and the signing by Alpha Phi Omega of the United

States and Alpha Phi Omega of the Philippines of the document forming the International Council of Alpha Phi Omega.

By paying off the mortgage on our building, the financial security of the Fraternity is enhanced. With the formation of the International Council, we are closer to Frank Reed Horton's ideal of an organization that can lead to a better, more peaceful world.

The next two years will provide many new opportunities. Whether it be extending the Fraternity to more campuses or expanding our volunteer base or service projects in our areas of increasing emphasis, we should meet these challenges with innovation and generosity.

Let us keep our standards high and Alpha Phi Omega will continue to be the foremost inclusive serviced-based leadership organization in the nation.

—Wilfred

These ten Brothers serve Alpha Phi Omega as Regional Directors. They are elected by the chapters in the Region at each National Convention.

Regional Directors are your representatives on the National Board. While they work closely with and through Sectional Chairs, it is essential that chapters communicate with them also. They want to hear from you and learn what you would like Alpha Phi Omega to do on a National level.

International Agreement

The words in this article are those of Gerald A. Schroeder, our National President 1990-1994. The occasion was our 1994 National Convention held in Dallas-Ft. Worth, Texas. It was at our Awards banquet that the International Council of Alpha Phi Omega was brought to fruition.

December 30, 1994

Although we were not in Brainard Hall in 1925 when Alpha Phi Omega was founded, or at Far Eastern University in the Philippines in 1950 for the first sign of international expansion, we are here today to witness the birth of a new organization, the International Council of Alpha Phi Omega.

As the relationship between Alpha Phi Omega of the USA and Alpha Phi Omega of the Philippines grew, expansion activities began increasing on an international scale. Visionaries in both of our fraternities, quite correctly in my view, believed that an organization, composed of representatives of each independent national Alpha Phi Omega fraternity, would be helpful to improve communication and aid in international expansion efforts.

At this moment, Felix Marinas, National President of Alpha Phi Omega of the Philippines, (known as Chato to his friends) and I will sign the document bringing such an organization to life.

As the ideals and spirit of Alpha Phi Omega continue to spread around the world, the International Council of Alpha Phi Omega, which is loosely based on the World Council of Scouting, will welcome into the Council all new national APO organizations.

It seems appropriate at this time to hear Frank Reed Horton's own words: "My purpose was to make Alpha Phi Omega an organization that cooperated with all youth movements, especially Scouting. I also anticipated that our service program would expand to help people in need everywhere. . . . As Scouting is

worldwide, so should Alpha Phi Omega be worldwide."

Tonight is the result of years of negotiations and hard work. Past President Earle Herbert chaired the International Concerns Committee for most of the last ten years and devoted much energy to this effort. Last December, some four months before his death when we were with Chato in California, Earle sensed that this moment was near and was clearly elated.

Chato also deserves great credit for this moment, for it is a direct result of his vision and brotherhood and that of the brothers and sisters of APO Philippines. The cardinal principles of Alpha Phi Omega know no national boundaries, and you have proven it!

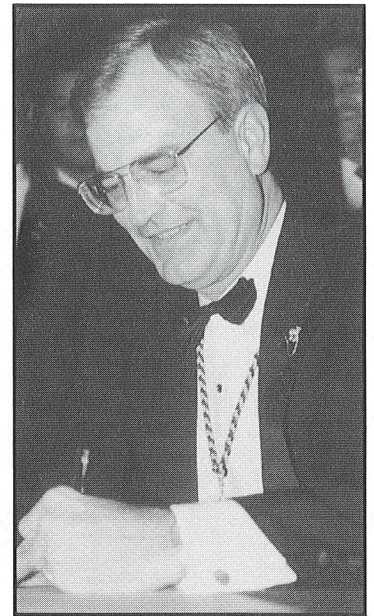

This is truly an historic moment, and I am excited and proud that we will all be able to witness it. It is truly an extension of Frank Reed Horton's dream.

Signing the Document!

President Marinas of Alpha Phi Omega of the Philippines and President Schroeder of Alpha Phi Omega of the USA, with members of the International Council Committee, a significant event in the life of our Fraternity.

"This is truly an historic moment . . . It is truly and extension of Frank Reed Horton's dream."

National President,

1994 National Convention . . .

Sports memorabilia played an important role in the silent auction that raised more than \$2,000 for the Aids Foundation in Dallas, and the Aids Resource Center of Texas.

Mr. Chairman, I rise to speak in favor of the motion.

I'm a voting delegate, where do I sign the credentials book?

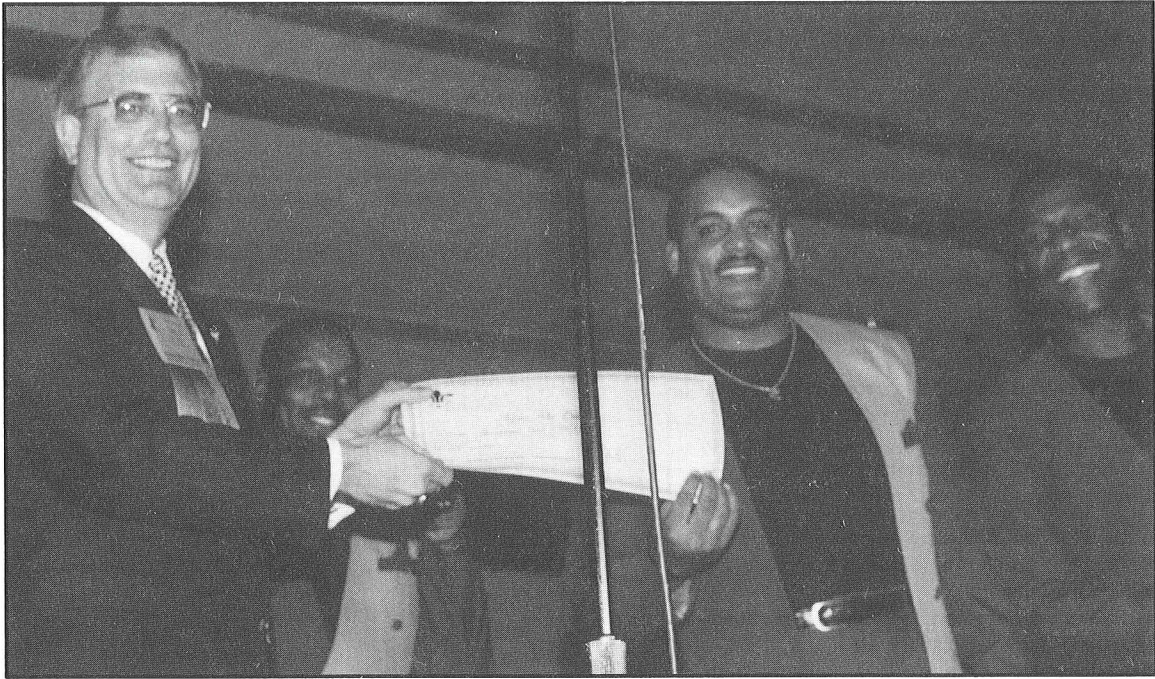

The fellowship banquet contained many exciting moments. President Jerry Schroeder recognizes Mrs. Jimmie Bartle Taylor, daughter of the "Chief" H. Roe Bartle. Jimmie became an honorary member of the Fraternity. She was later quoted as having a blast meeting many new friends, and saying, "Why did I wait until I was 70 to join the Fraternity? If dad could see me now."

A special surprise feature for the attendees was the singing performance of "The Main Attraction." Their mini concert concluded the Fellowship Banquet. Not only professional musicians, they are Brothers of the Gamma Alpha Chapter, University of Washington, Seattle, Wa.

BURN THE MORTGAGE

President Schroeder receives a check for \$15,000, that puts the campaign over the top.

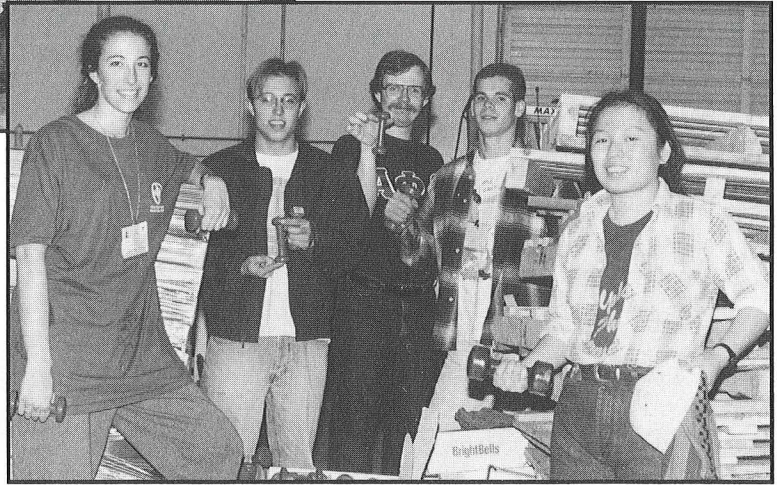

It was a once in a lifetime event. Through matching gifts, and a national fundraising event called, "Burn the Mortgage," over \$28,000 was raised to enable National President Jerry Schroeder and National Convention Chair Dresden Skees to burn the mortgage for the National Headquarters building in Independence, Missouri. The Fraternity had completed ten years of loan payments in only four years.

SERVICE

What is a convention without a Service project? A half day was spent at the Tarrant County Mental Health/Mental Retardation Center cleaning the facility and moving boxes. More than fifty Brothers participated in the Project.

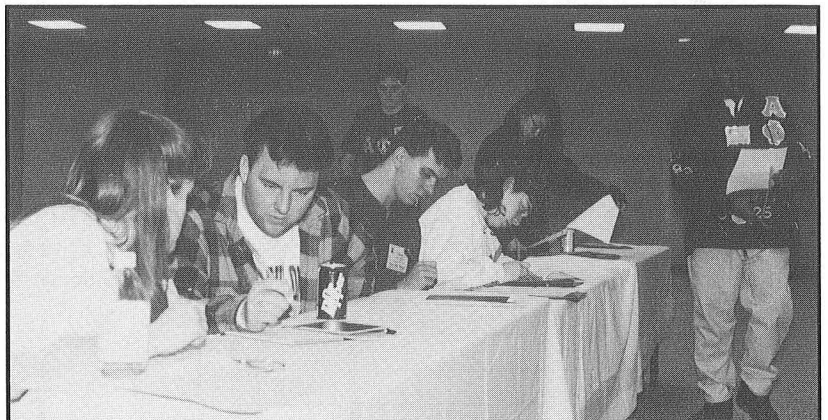

LEADERSHIP

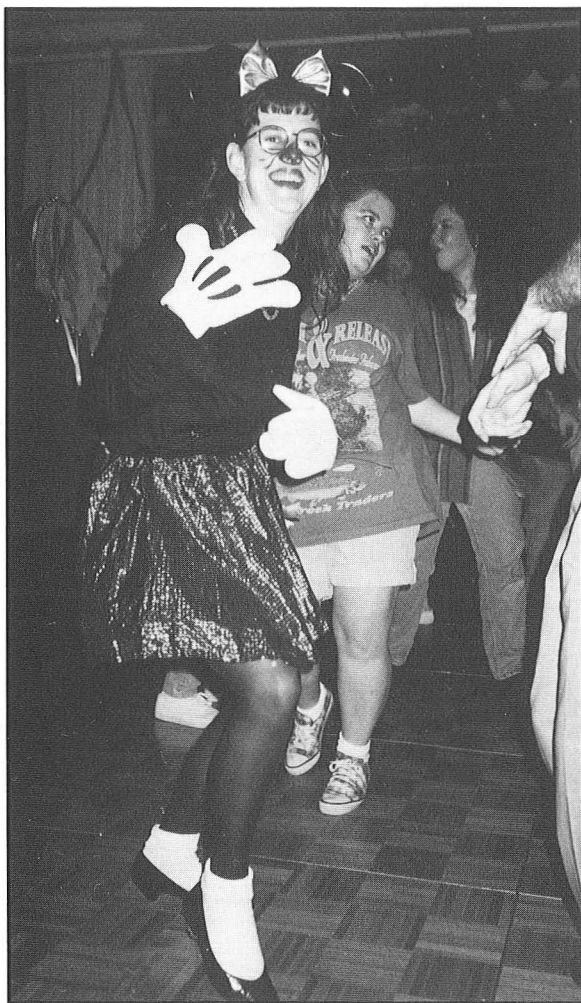

During the convention we conducted four Leadership Development Workshops. Almost 200 Actives gain skills that will help them as future Chapter leaders and in their lives to come.

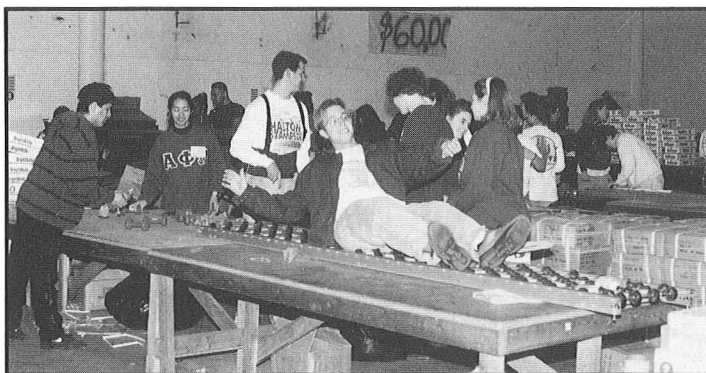

Dr. Allen Wong presenting completion certificates to those Brothers who devoted a full day of the convention to attend the LDW.
